

BIODEGRADABLE Multi Purpose Degreaser TM

Medium-Duty, Multi-Purpose Surface Degreaser/Cleaner

RYDALL MP is ideal for industrial and commercial facilities, institutions and even households. **RYDALL MP** removes oil, grease, grime, dirt and all kinds of other pollutants from all types of surfaces. This strong, versatile and biodegradable degreaser comes in a highly concentrated, non-hazardous form and may be custom diluted to fit virtually any cleaning application.

RYDALL MP is a water soluble, mineral oil-free, alkaline solution that contains specially modified additives for improved oil holding capacity, surface wetting and low foaming attributes. Our **Multi-Purpose** degreaser is one of the strongest, non-solvent based, degreasers available on the market. **RYDALL MP** is developed for extreme applications where only the harshest of alternatives would cut the deposits.

RYDALL MP is a non-acidic, non-flammable, highly effective oil and fat remover, which is able to remove heavy organic components. **RYDALL MP** also provides complete rinse off of the pollutants without any danger of combustion and without leaving any greasy films.

Use **RYDALL MP** for these tough contaminants

- Adhesive
- Carbon
- Dirt
- Grass Stains
- Grime
- Ink
- Nicotine
- Scuff Marks
- Tar
- Blood
- Coffee
- Fingerprints
- Grease
- Heavy Soils
- Mildew Stains
- Oil
- Sludge
- Tire Marks

Directions for use:

Liberal spray on virtually any water washable surface and let sit for one minute. Wipe clean and rinse with water. For stubborn stains, repeat the procedure. It is as safe and simple as that! The reason for the short wait time is because the **RYDALL MP** is a highly effective oil and fat remover which is able to crawl under the residues on machines and equipment. This Multi-Purpose cleaner/dispersant includes specially modified additives for improved oil holding capacity, low foam and maximum surface wetting. So basically, the **RYDALL MP** is sprayed on the equipment, starts to soak around and underneath the oily accumulations, lifts them from the surface, and then the deposits are wiped and/or rinsed away!

Dilution Chart:

Application	Dilution	Application	Dilution
Aluminum	1:1 to 10:1	Grout	10:1
Automotive	1:1	Kitchens	10:1
Carbon deposits	1:1	Lights	10:1
Chrome	1:1 to 10:1	Lubricants	1:1
Concrete	1:1	Machinery	1:1
Decks	10:1	Manufacturing equipment	1:1
Diesel fuel	10:1	Motors	1:1
Dip tanks & parts washers	1:1	Oil deposits	1:1
Engine degreasing	1:1	Paint preparation	10:1
Floor scrubbers	30:1	Pressure sprayers	10:1
Floors	1:1	Showers, tubs & tile	10:1
Garbage receptacles	10:1	Smoke & soot	10:1
General cleaning	1:1 to 10:1	Toilets	10:1
Glass & mirrors	10:1	Vents	10:1
Grease filters & traps	1:1	Windows	10:1

All of our inventiveness and creativity went into the new **RYDALL MP** degreaser/cleaner. It is conveniently packaged as a fresh smelling, green colored, environmentally safe liquid. **RYDALL MP** comes packaged in a myriad of container sizes from one gallon jugs, 4x1 gallon cases, 5 gallon jugs, and 55 gallon drums. Other sizes are available upon request.

RYDALL MP has all the safety, simplicity, quickness, effectiveness, and multitude of applications to make it the perfect fit for your industrial or janitorial cleaning needs. Try it the next time you have a use for bottle spraying, pressure washing, floor cleaning, or wherever you encounter oil, grease, soot, fat, grime, dirt, nicotine, or other kinds of pollutants found on all types of surfaces.
